**MINMAT FERRO ALLOYS (P) LTD.**

## COMPANY PROFILE

MINMAT FERRO ALLOYS (P) LTD, was established in the Year 1989, as a leading MANUFACTURING & TRADING house of 'Noble Alloys, Ferro Alloys, Metals, Minerals, Carborisers, etc. which are major raw materials for the 'STEEL & FOUNDRY' Industry.

The company has carved out a name as a leading manufacturer & supplier of Raw Materials with consistent quality products with extensive Manufacturing, Marketing and Procurement facilities. The company has spread its wings to almost all over the Country, with Sales Outlets in every zone, to cater to customers from near the units.

We are one among India's leading suppliers of Noble Alloys, Ferro Alloys, Metals, Minerals, Carborisers to the steel industry. We are well known for our high quality products and strong after-sales service.

### COMMITMENT is our MOTTO

We ensure right quality material and timely deliveries to our Esteemed Customers.

## Infrastructure

With the innovative techniques and logically synchronized operational activities of every department, we are able to lead the organization to peak. Our manufacturing and distribution network gives us an edge to satisfy our customers requirements regarding price, quality and timely delivery.

Departments at our works are as follows:

- Manufacturing unit
- Quality test unit
- Research and development unit
- Warehouse & packaging unit

## Ahmedabad

B - 91 Maruti Estate  
Opp. Kirti Tools  
Phase - 1, Vatva  
Ahmedabad - 382445  
Gujarat

## Bangalore

## Our Team, Connectivity & Reach

- The Directors of our company have extensive knowledge & experience in the field of Ferro Alloys etc. for more than three decades and it is under their guidance that our Company has achieved great heights.
- Our team consists of skilled professionals and technicians who look after the quality and standards of the offered Raw Materials. They also ensure to increase the productivity in efficient manner with effective performance and optimum utility.
- This helps us greatly to serve all our Customers in time with the Right Quality of material at the Right Time, Right Place & Right Price.
- We also believe in maintaining a long – term relationship with our customers and are always available for after – sale services.
- Our customers include companies from – Public Sector, Private sectors, Stainless Steel, Foundry, Casting units, etc.

## Quality Assurance

- Quality is the most priority factor which is considered 'UPPER MOST'. Both raw materials & finished products are tested in our In – House Lab.
- Our attentive quality controllers ensure us in gaining admiration across the nation. They ensure defined guidelines and specifications are rigorously followed during manufacturing process.

## Product Portfolio

We can offer a wide range of products of which few are given below :

### Noble Alloys , Ferro Alloys & Metals

- Ferro Molybdenum
- Ferro Vanadium
- Ferro Titanium
- Ferro Boron
- Ferro Silicon
- Silico Manganese
- Ferro Manganese - H.C./M.C./L.C.
- Ferro Chrome - H.C./L.C.
- Ferro Phosphorus
- Ferro Calcium Silicon

### Minerals

- Fluorspar
- Bentonite
- Limestone
- Dolomite
- Perlite
- Quartz

### Carborisers

- Calcined Petroleum Coke (CPC)
- Graphite Powder
- Met Coke

# PRODUCT SPECIFICATIONS

## Ferro Molybdenum

Specifications	
Mo	60 % min
C	0.10 % max
Si	2.0 % max
P	0.06 % max
S	0.08 % max
Al	0.50 % max

## Ferro Titanium

Specifications	
Ti	30-35 %
C	0.10 % max
Si	2.0 % max
Al	10 % max

## Ferro Vanadium

Specifications	
V	50 % min
C	0.10 % max
Si	1.50 % max
P	0.05 % max
S	0.05 % max
Al	1.50 % max

## Low Carbon Ferro Chrome

Specifications	
Cr	60 % min
C	0.10 % max
Si	1.50 % max
S	0.05 % max
P	0.05 % max
Al	1.0 % max

## Low Carbon Ferro Manganese

Specifications	
Mn	80 % min
C	0.50 % max
Si	2.50 % max
P	0.25 % max
S	0.05 % max

## Ferro Silicon

Specifications	
Si	70 % min
C	0.15 % max
Al	1.50 % max
P	0.05 % max
S	0.05 % max

## Medium Carbon Ferro Manganese

Specifications	
Mn	70 % min
C	2.0 % max
Si	2.0 % max
P	0.35 % max
S	0.03 % max

## Silicon Manganese

Specifications	
Mn	60 % min
Si	14 - 17 %
C	2.5 % max
P	0.30 % max
S	0.03 % max

\* We can also offer as per customers requirement.
